

SAP S/4HANA Finance Consultant with 6+ years of experience leading implementations, Central Finance, and production support across Finance and Manufacturing domains. Expert in FI/CO, FSCM, Concur, Vertex, SuccessFactors, FI-MM/FI-SD integrations, and reporting tools like SAC, BW, and Power BI. Delivered 98% profitability reporting accuracy, automated 3,200+ hours annually, and led a 26-entity Central Finance rollout that cut post-go-live defects by 40%.

WORK EXPERIENCE

SAP S/4HANA Consultant, Gyansys, April 2022 – June 2023

- Spearheaded end-to-end SAP S/4HANA (1809 & 2022) finance implementations, migrating from Oracle Fusion and ECC; enhanced real-time reporting, reduced reconciliation errors by 30%, and configured FI/CO modules (GL, AP, AR, Asset Accounting, Bank Accounting, COPA), achieving a 40% reduction in bank reconciliation time and 30% improvement in profitability reporting accuracy.
- Integrated external systems including EQUIFAX (credit scoring), Vertex/Sovos (tax compliance), and SAP Concur (travel/expense), reducing tax filing effort by 25% and support ticket volumes by 40%; collaborated cross-functionally with MM, SD, and PP teams to resolve integration issues and streamline P2P, O2C, and make-to-stock processes, ensuring accurate financial postings.
- Executed master and transactional data migration (GL, vendors/customers, fixed assets) using SAP S/4HANA Migration Cockpit with validation and mock loads; configured and tested standard and custom Fiori apps (Bank Reconciliation, Journal Entry Upload, Vendor Payments), improving mobile usability for finance teams.
- Developed test scripts and managed test cycles for SIT and UAT in HP ALM, ensuring defect tracking and resolution via ServiceNow and Jira; utilized Jira for sprint planning, backlog grooming, and managing 100+ user stories across the implementation lifecycle.
- Created training manuals and delivered SAP S/4HANA and Fiori workshops to 50+ end users; automated AP, AR dunning, and credit processes using Power BI dashboards and FSCM integration, saving 3,200+ hours annually and reducing overdue receivables by 30%.
- Led and mentored a team of 9 consultants across FI/CO and logistics, reducing project delivery time by 25% through agile methodologies.

Application Development Analyst – Central Finance, Accenture, May 2021 – April 2022

- Played a key role in Central Finance rollout for 26 North America company codes, conducting requirement workshops, process mapping, and business documentation for finance harmonization.
- Built a WRICEF-based custom AR dunning tool using SmartForms and Adobe Forms; enabled dynamic and multilingual outputs, improving dunning efficiency by 20%.
- Configured Application Interface Framework (AIF), tuned SLT replication, and maintained RFCs/logical systems, resolving 100+ data replication and interface errors.
- Conducted manual mapping across SAP landscapes during cutover; reduced SIT/UAT post-go-live defects by 25% and ensured audit-ready deployment.
- Developed custom FI reports (BS/PL/CF) and enabled faster financial consolidations by integrating SAP BW with COPA for real-time reporting.
- Collaborated with ABAP and functional teams to build logic-based dunning correspondence tailored to customer payment behavior.
- Managed issue tracking and resolution in ServiceNow; improved incident response time by 20% with accurate documentation and triaging.
- Supported sprint-based project execution, backlog prioritization, and delivery tracking using Jira; contributed to continuous improvement across finance processes.
- Coordinated cross-module issue resolutions, including GR/IR clearing via F.13 and MR11 adjustments; collaborated with MM teams to automate reconciliation steps.

SAP Finance Business Analyst – Support & Enhancements, Sparkviz Technologies, April 2017 – April 2021

- Provided SAP S/4HANA application support for over 400 end users in Finance and Manufacturing domains, maintaining 98% SLA adherence.
- Resolved external SAP Concur integration issues by correcting HR master data via Bhoomi middleware; trained users to reduce recurring incidents by 40%.
- Supported SuccessFactors integration for employee master synchronization, enhancing payroll and expense accuracy.
- Troubleshooted and resolved FI-MM, FI-SD, and FI-PP integration errors, ensuring seamless transaction flow and accurate posting.
- Automated electronic payments (ACH), lockbox, and bank statement processing; reduced manual banking effort by 40%.
- Configured Bank Accounting, Cash Management, COPA, and New GL to streamline daily financial operations.
- Developed tailored SAP S/4HANA reports, including Balance Sheet, Profit & Loss, and Cash Flow, to meet client-specific reporting needs; accelerated month-end close by 40%.
- Created and maintained test scripts in HP ALM, executed UAT cycles, logged and resolved incidents via ServiceNow.
- Conducted SAP training for business users on key financial processes, boosting adoption and user confidence across global teams.

EDUCATION

M.S. Business Analytics & Project Management, University of Connecticut, GPA: 3.63

Key Courses: Predictive Modeling, Data Science (Python), Big Data (AWS), Data Management in SQL, Visual Analytics

ACADEMIC PROJECT

Nike Inc. Customer Order Insights Project

Business Analytics & Project Management, Tools: SQL, PostgreSQL, Power BI, Data Modeling

- Built a normalized relational database to analyze customer orders, product sales, regional trends, and simulate a BI use case.
- Leveraged advanced SQL (joins, CTEs, window functions, subqueries, and indexing) to uncover insights on revenue growth, customer segmentation, retention, and seasonal trends.
- Integrated the database with Power BI to develop interactive dashboards visualizing monthly sales, churn rates, top-performing products, and marketing ROI.

VOLUNTEERING

Treasurer, Project & Product Leadership Club, UConn (January 2025 – April 2025)

CORE SKILLS

Finance

- Financial Reporting & Profitability Analysis (COPA)
- Budgeting, Forecasting & Costing (Actual vs. Budget)
- Accounts Payable/Receivable, Asset Accounting
- Cash Management, ACH, EBS, Lockbox
- SAP Concur, SAP FSCM (Credit & Collections)

Technical

- SAP S/4HANA (FI/CO, COPA, Bank Accounting, FSCM, New GL)
- SAP Analytics Cloud (SAC), SAP Fiori, SAP BW, Power BI
- SAP S/4HANA Migration Cockpit (LTMC)
- SQL, Data Modeling, and RDBMS (MySQL, PostgreSQL, SQL Server)
- Microsoft Excel (Advanced)

Non-Technical

- Process Improvement & Automation
- Agile Project Management (JIRA, Sprint Planning, User Stories)
- Stakeholder Communication
- End-User Training & Support
- Incident Resolution & Documentation (ServiceNow, HP ALM)

CERTIFICATIONS

SAP Certified Application Associate - Financial Accounting with SAP ERP 6.0 EhP7, Jira Fundamentals Badge
